**BOARD POLICY:** The Board reviewed policy Sections K and L in October. The following policies include approved revisions:

**A. POLICY KB - PUBLIC INFORMATION PROGRAM**

Communication with the Public

It is the desire of the Board that two-way channels of communication be kept open at all times between the school system and the people of the District. The Board will continually attempt to create and maintain schools that reflect the public’s wishes and will do its best to keep the people informed of the affairs of the District.

To help achieve the above goals, the Board authorizes the Superintendent:

1. to prepare or guide the preparation of informational materials including newsletters, articles for periodicals, newspapers and/or radio releases, special pamphlets and other assigned material and to maintain a close liaison with mass media and publicity organizations;
2. to organize or assist in the development of speakers’ bureaus and speaking engagements with civic, PTA, church and other groups;
3. to provide staff members with assistance and materials for working locally with educational meetings and in the preparation of material for community and staff use;
4. to assist in coordinating work with civic and other groups which contribute to District values (science fair, art and other exhibits, etc.) and
5. to serve as community relations counselor to the Board and to other staff members.

Media of Communications

The Board desires that all members of the community be kept wholly informed on the affairs of the District. In maintaining good public relations, the community must be clearly and objectively informed of the purposes, accomplishments, problems and needs of the schools. The following media and organization shall be used to accomplish this:

1. newspaper releases
2. school newsletters
3. letters to parents on special topics
4. annual financial reports
5. public meetings
6. ~~Liberty Union-Thurston District Advisory Council~~ **District Website**

[Adoption date: January 10, 2000]

**B. POLICY KG - COMMUNITY USE OF SCHOOL FACILITIES**

Although the basic purpose of public school facilities is to provide the youth of the community a sound educational program, the complete function of education is not achieved until the school facilities are made to serve the total community. To accomplish this objective, the Board shall, upon payment of the prescribed fee and subject to the requirements of applicable regulations, permit the use of school facilities for auxiliary, educational, recreational, cultural, civic, social, religious or other Board-approved purposes.

General

**Rental of District facilities is intended to accommodate occasional use by community members. The approval for and fee structure for on-going events will be considered on a case-by-case basis. (Groups C and D)**

Community groups shall be permitted and encouraged to use school facilities for worthwhile purposes, when such uses will not interfere with the school program. All arrangements shall be subject to the provisions which follow:

School may not be used for teaching or promoting any theory or doctrine of a subversive nature, or which is intended to undermine or overthrow the government of the United States. This restriction does not prohibit the discussion of controversial subjects in a public forum.

The Superintendent is authorized to approve and schedule the use of school facilities by non-school organizations for whose activity no admission charge is made, in accordance with the rules

in this policy.

The Board itself reserves the power to approve the use of school facilities by non-school organizations for whose activities an admission charge is made.

The use of school buildings and other facilities by any organization operated for private gain, or any purpose involving private gain, shall be permitted only when:

1. such use is sponsored by some other organization which is not operated for private gain;
2. such gain will not benefit principally the organization which is operated for private gain;
3. a worthy educational, civic or charitable purpose will be served;
4. a substantial group in the community will be benefited and/or
5. alternate facilities are unavailable or available only at undue cost or inconvenience.

Such use of school facilities by members of the faculty and staff shall be discouraged, except in the case of tutoring District students and private music lessons.

Use of School Technology Equipment

1. All requests for use of technology equipment will require the approval of the Technology Coordinator.
2. An hourly fee may be assessed so that a school technology employee can be present to operate the equipment.

Use of Other School Equipment

School equipment may be loaned to responsible community groups for a worthy educational, civic or charitable purpose when:

1. the group borrowing the equipment agrees to accept responsibility for repairing or replacing any equipment damaged or lost while in its possession;
2. the equipment is not both unusually expensive and also subject to easy damage;
3. the equipment is in good condition and
4. the group will provide a competent operator for any machines or equipment loaned.

On Sundays Athletic Facilities

**Gymnasiums & Athletic Fields are intended for use by LU-T students. All-star, AAU, or similar organizations are prohibited from using District facilities. District administrators will require team rosters to verify that at least 75% of students are LU-T students.**

Use of athletic fields and gyms will be prohibited until 1 o'clock in the afternoon on Sundays.

**C. POLICY IGBB - PROGRAMS FOR GIFTED AND TALENTED STUDENTS**

In accordance with the belief that all children are entitled to education commensurate with their particular needs, children in the District who are gifted are provided opportunities to progress as their abilities permit. The Board believes that these children require services beyond those offered in regular school programs in order to realize their potential contribution to themselves and society.

Children who are gifted are identified annually by qualified professionals using a variety of assessment procedures. The Board encourages efforts to provide services for the children who are gifted as an integral part of the total kindergarten through grade 12 program.

Identification

The District follows the identification eligibility criteria as specified in the Ohio Revised Code and the Ohio Administrative Code.

1. The District identifies children of the District, in grades kindergarten through 12, as gifted children who perform at remarkably high levels of accomplishment when compared to other children of the same age, experience and environment, as identified under the Ohio Revised Code and Ohio Administrative Code. Accordingly, a child can be identified as exhibiting:
  - A. superior cognitive ability;
  - B. specific academic ability in one or more of the following content areas:
    - 1) mathematics;
    - 2) science;
    - 3) reading, writing or a combination of these skills and/or
    - 4) social studies;

- C. creative thinking ability and/or
  - D. visual or performing arts ability such as drawing, painting, sculpting, music, dance or drama.
2. The District uses only those instruments approved by the Ohio Department of Education for screening, assessment and identification of children who are gifted.

District Plan for Identifying Gifted Students

The District adopts and submits to the Ohio Department of Education a plan for the screening, assessment and identification of children who are gifted. Any revisions to the District plan are submitted to the Ohio Department of Education for approval. The identification plan includes the following:

1. the criteria and methods the District uses to screen and select **children students** for further assessment of those who perform or show potential for performing at remarkably high levels of accomplishment in **one any** of the gifted areas as specified in ORC Section 3324.03;
2. the sources of assessment data the District uses to select **children students** for further testing and an explanation to parents/**guardians** of the multiple assessment instruments required to identify **children students who are gifted** as specified in ORC Section 3324.03;
3. an explanation to parents/**guardians** of the methods the District uses to ensure equal access to screening and further assessment of all District **children students, culturally and linguistically diverse children, children from low socio-economic backgrounds, children with disabilities including minority or disadvantaged students, students with disabilities and children students** for whom English is a second language;
4. **the process of notifying parents/guardians regarding all policies and procedures concerning the screening, assessment and identification of children who are gifted** provision to ensure equal opportunity for all District students identified as gifted to receive any services offered by the District;
5. **an opportunity for parents/guardians to appeal any decision about the results of any screening procedure or assessment, the scheduling of children for assessment or the placement of a student in any program or for receipt of services** provisions to develop a plan for service of identified gifted students enrolled in the district;
6. **procedures for the assessment of children who transfer into the District** provisions to publish an annual report specifying the number of students in each grade K-12 screened, the number assessed, and the number identified as gifted in each category;
7. **at least two opportunities a year for assessment in the case of children requesting assessment or recommended for assessment by teachers, parents or other children and** provisions for student to withdraw from the gifted programs or services, for re-assessment of students and for assessment of students transferring into the District and;
8. **an explanation that the District accepts scores on assessment instruments approved for use by the Ohio Department of Education that are provided by other school districts and trained personnel outside the District** methods for resolving disagreements between parents and the District concerning identification and placement decisions.

**The District’s plan may provide for the District to contract with any qualified public or private service provider to provide screening or assessment services under the plan. Gifted education coordinators provide the District with assistance in placing students, designing services, consulting on strategic planning, evaluating services on an ongoing basis and eliciting input from parents and staff.**

District Plan for Services

**The District adopts and submits to the Ohio Department of Education a plan for a continuum of services that may be offered to students who are gifted.**

1. **The District ensures equal opportunity for all children identified as gifted to receive any or all services offered by the District.**
2. **The District implements a procedure for withdrawal of children from District gifted programs or services and for reassessment of children.**
3. **The District implements a procedure for resolving disputes with regard to identification and placement decisions.**
4. **Any District gifted education services are delivered in accordance with the Ohio Revised Code and the Ohio Administrative Code.**

5. The District informs parents of the contents of this policy as required by the Ohio Revised Code and the Ohio Administrative Code.

**Written Education Plan**

The District provides gifted services based on the student’s area(s) of identification and individual needs and is guided by a written education plan (WEP). The WEP, which is provided to parents of gifted students and educators responsible for providing gifted education services, includes a description of the services provided, including goals for the student in each service specified, methods for evaluating progress toward achieving the goals specified and methods and schedule for reporting progress to students. The WEP also specifies staff members responsible for ensuring that specified services are delivered, policies regarding the waiver of assignments and the scheduling of tests missed while a student is participating in any gifted services provided outside the general education classroom and a date by which the WEP will be reviewed for possible revision.

Gifted education instruction is provided by gifted education intervention specialists by grade level in accordance with the Ohio Administrative Code. Gifted education instruction is offered during the regular school day and may be provided in large or small groups and /or individually in a variety of settings. The depth, breadth and pace of instruction based on the appropriate content areas may be differentiated. Where differentiated instruction is provided in a regular classroom, the teacher is either licensed in gifted education or has received professional development and ongoing assistance from a gifted education intervention specialist or gifted education coordinator.

**Annual Report and Accountability**

The District submits, as required, a gifted education annual report to the Ohio Department of Education.

The District submits, as required, a gifted education data audit to the Ohio Department of Education.

**E. POLICY JN - STUDENT FEES, FINES AND CHARGES**

Materials Fees

Students enrolled in District schools are furnished basic textbooks without cost. However, a fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates. **Such fees are to be deposited in the general funds of the Board to defray the cost of the materials and supplies.**

**The Board directs the Superintendent/designee to prepare a schedule of fees for materials to be used in courses of instruction and a schedule of charges that may be imposed for damage to school property.**

**The District does not charge students eligible for free lunch under the National School Lunch Act or Child Nutrition Act a fee for any materials needed to participate fully in a course of instruction. Any fees charged to students eligible for free lunch under the National School Lunch Act or Child Nutrition Act, will be charged in compliance with State and Federal law. This exception only applies to recipients of free lunch, not students who receive reduced-price lunch.** ~~If the District receives Ohio Works First Assistance, it cannot charge a student recipient of Aid to Dependent Children or Disability Assistance a fee for any materials needed to participate fully in a course of instruction.~~ This provision does not apply to extracurricular activities and student enrichment programs that are not a course of instruction.

Fines

When school property, equipment or supplies are damaged, lost or taken by individuals, a fine is assessed. The fine is reasonable, seeking only to compensate the school for the expense or loss incurred. **Free lunch eligibility does not exempt a student from paying fines for damage to school property.**

The late return of borrowed books or materials from the school libraries is subject to appropriate fines.

All fines collected are sent to the Treasurer for deposit in the general fund of the Board.

Collection of Student Fees and Fines

The administration may establish regulations for the collection of student fees and fines.

**Grades and credits are not** ~~No diploma shall be delivered to a graduating senior nor shall any transcript be made available to any student, graduate or to anyone requesting same on his/her behalf until all fees and fines for that student have been paid in full. Participation in extracurricular field trips will not be permitted unless payment has been received. Students will be prohibited from participating in commencement exercises unless payment has been received.~~

~~The criteria utilized for the determination of financial need will be eligibility for free or reduced lunch through the District's food services program. A waiver of confidentiality (free/reduced lunch program form) must be completed before a student's fee will be waived or reduced.~~

Collection Process

1. The principal will advise parents of fees due at the beginning of the school year.
2. The first week of October, the principal will send a letter from the Treasurer and an invoice to parents of students with outstanding fees and fines.
3. A payment schedule may be arranged at the building level with full payment to be received by June 15.

**C. PERMANENT IMPROVEMENT PURCHASES**

As district school facility improvement projects near close-out, approval for three equipment purchases is requested:

**1) PURCHASE OF A ONE-TON TRUCK, EQUIPPED WITH STANDARD UTILITY BED AND SNOW PLOW**

The district parking and drive areas have been significantly increased with the facility improvements which have been completed in the past year. Additional snow removal equipment will be necessary to maintain safe access on district property. The school district, as a government entity, has the ability to purchase a vehicle under the State purchase program. Under this program the estimated cost is \$50,000.

**2) PURCHASE OF MUSICAL INSTRUMENTS**

Now that the middle school and high school are in different locations, the previous practice of sharing band instruments between middle school and high school musical groups is impractical. In order to adequately provide musical instruments to support the band program, brass, woodwind, and percussion instruments are necessary in both locations, at a (total) cost of \$48,000.

**3) PURCHASE OF PIANO**

Now that the middle school and high school are in different locations, an additional piano is needed in order to support the vocal music program in both locations, at a cost of \$7,000.

NOTE: These are purchases which are categorized as “permanent improvements,” and will be paid for with “construction” funds, NOT from the district “general fund.”

**A. RESOLUTION**

WHEREAS, the Ohio House of Representative is currently considering legislation that would significantly expand the availability of vouchers for students to attend private or parochial schools; and

WHEREAS, this legislation would grant vouchers to any public school student in Ohio to request and be granted a voucher, subject only to a family income standard of \$95,000 or less; and

WHEREAS, such vouchers would be granted without regard to the academic performance of the public school that the student is assigned to attend; and

WHEREAS, the bill provides that students already enrolled in private or parochial schools would be eligible for such vouchers;

WHEREAS, students receiving vouchers would be able to retain any excess funds in those instances where the cost of tuition is less than the value of the voucher for use in any private school or college in Ohio; and

WHEREAS, the operation of the proposed program would take dollars directly from the already financially beleaguered local public school districts resulting in fewer resources for the education of the remaining students;

NOW THEREFORE BE IT RESOLVED, that the Liberty Union - Thurston Board of Education does hereby express its opposition to this legislation, HB 136 School Choice; and

BE IT FURTHER RESOLVED that the Liberty Union - Thurston Board of Education expresses its opposition to any legislation that seeks to transfer public dollars to support private education; and
